THE SPEAKERS

Professor and Director of the Clinic for Conservative Dentistry and Periodontology at the Ludwig Maximilian University Hospital in Munich. He has authored over 500 articles, 200 abstracts and 30 book chapters and has been invited to give over 300 lectures worldwide. He has been one of the most cited researchers in dentistry worldwide for many years (Stanford ranking <1%).

FALK SCHWENDICKE

Bart Van Meerbeek is Full Professor at KU Leuven. He founded BIOMAT, the Biomaterials Research group. His primary research interest involves studies related to the broad field of Adhesive Dentistry. His research work has been published in more than 400 peer-reviewed journals and has been honoured with multiple awards. Since 2004, he is Editor-in-Chief of the Journal of Adhesive Dentistry.

BART VAN MEERKBEEK

Jack Ferracane is Professor and Chair of Oral Rehabilitation and Biosciences at Oregon Health & Science University, Portland, Oregon. He is the recipient of multiple awards and is the inaugural Editor-in-Chief of the journal JADA Foundational Science. Over his career he has published extensively on biomaterials

JACK FERRACANE

In 2006 PD Dr. Andreas Bindl had his habilitation (Venia Legendi) at the University of Zurich for the subject "Dentistry with special consideration of Restorative Computer Dentistry"

Since 2007 he was taking over the Department for Tooth-Colored & Computer Restorations and is a Senior Physician at Department of Restorative Computer Dentistry at the University of Zurich.

ANDREAS BINDL

Mutlu Özcan did her Doctorate in Medical Sciences (PhD) in 2003 in Groningen, The Netherlands. Since 2023 she is Director Professor, Clinic of Masticatory Disorders and Dental Biomaterials at the University of Zurich. Prof. Özcan is a well-sought after lecturer, receiver of several international awards, and serves for the editorial boards of numerous scientific journals.

MUTLU ÖZCAN

Prof. Albert Feilzer obtained his PhD with a thesis entitled 'Polymerization Shrinkage Stress in Dental Composite Resin Restorations, an in-vitro investigation'. He is freshly retired as a full professor in comprehensive dentistry and chairman of the Department of Restorative and Reconstructive Oral Care of ACTA, where he served as the Dean as well.

ALBERT FEILZER
