

GENEVA

20. & 21. NOVEMBER 2026

2-DAY COURSE with  
MARCO VENEZIANI, DDS

## INJECTION MOLDING TECHNIQUE & INDIRECT ADHESIVE RESTORATIONS

**EARLYBIRD OFFER**  
(10% DISCOUNT)  
UNTIL 31.7.2026

- Mandarin Oriental Hotel
- Geneva, CH
- 2 Days
- Lectures
  
- Hands-on Sessions
- Dinner inklusive (20. November)
- Lunch inklusive
- Coffee Break inklusive

**Discount Code:**  
EARLYBIRD\_2026

**Price:**  
**CHF 2'160.-**  
**(CHF 1'944.-)**  
**10% discount**

### MARCO VENEZIANI, DDS

- Born in Piacenza, Italy, in 1964. Graduated in Dentistry at the University of Milan in 1988 with honors. Advanced training in restorative dentistry, prosthodontics, periodontology, implantology, and mucogingival surgery.
- Active member of leading scientific academies including AIC, IAED, and IADDM, and member of the IAED Executive Board. Visiting Professor at the University of Pavia and lecturer in postgraduate restorative dentistry programs at the Universities of Turin, Bologna, and Milan (Humanitas University).
- International lecturer and author of numerous scientific publications and books, including Solutions – Adhesive Restoration Techniques and Integrated Surgical Procedures (2021). Finalist of the AIOP-APS Excellence in Prosthodontics Award (2015) and recognized among the “Top 100 Doctors Worldwide 2024.”
- Founder of the MFV Communication training center in Vigolzone and in private multidisciplinary practice since 1989.

### COURSE OBJECTIVES

**Friday, 20 November 2026**

#### **Injection Molding Technique**

*Injection & Customized Hybrid Index*

An intensive course on modern injection molding techniques for minimally invasive adhesive dentistry. Topics include the innovative “Customized Hybrid Index”, monolithic and layered approaches, restorative and periodontal applications, orthodontic integration, and full-mouth adhesive rehabilitations. Clinical workflows, case presentations, and updated protocols will be demonstrated step by step.

**Saturday, 21 November 2026**

#### **Indirect Adhesive Restorations**

*Morphology Driven Preparation Technique*

Advanced concepts for indirect adhesive restorations in posterior teeth using composite and ceramic materials. The course covers modern cavity design, adhesive cementation protocols, management of subgingival margins, and the author’s “Morphology Driven Preparation Technique”. Clinical cases, videos, and practical decision-making strategies for minimally invasive restorative dentistry will be presented.

## 20. & 21. NOVEMBER 2026

### Day 1: Injection Moulding Technique

08:30 - 09:00	door opening
09:00 - 11:00	<b>The customized hybrid index</b> <ul style="list-style-type: none"><li>• 1-stage / 1-step approach</li><li>• -1-stage / 2-steps approach</li><li>• -layered 2-stage / 3-step approach</li><li>• -layered 2-stage / 4-step approach (optical fake)</li></ul>
11:00 - 11:30	Coffee-break 
11:30- 13:30	<b>clinical applications and indications</b> <ul style="list-style-type: none"><li>• -restorative</li><li>• -pre-orthodontic</li><li>• -post-orthodontic</li><li>• -periodontal case</li><li>• -full mouth rehabilitations</li></ul>
13:30 - 14:30	Lunch 
14:30 - 15:30	<b>hands-on session</b> <ul style="list-style-type: none"><li>• 4 upper incisors by means of flowable Injection Molding Technique</li><li>• -silicon index</li><li>• -isolation</li></ul>
15:30 - 16:00	Coffee-break 
16:00 - 17:00	<ul style="list-style-type: none"><li>• injection monolithic in 2-step approach</li><li>• -finishing</li></ul>
17:00 - 18:00	<b>live demonstration</b> <ul style="list-style-type: none"><li>• -flowable injection technique with customized hybrid index</li><li>• -layered 2-stage</li><li>• -4-step (optical fake)</li><li>• -finishing, polishing, brightening</li></ul>

## 20. & 21. NOVEMBER 2026

### Day 2:

# Indirect Posterior Restorations: The Morphology Driven Preparation Technique (MDPT)

08:30 - 09:00	door opening
09:00 - 11:00	<ul style="list-style-type: none"><li>• Adhesive technique: choice of adhesives, operative sequences, latest innovations</li><li>• Indications and Limits of direct techniques</li></ul>
11:00 - 11:30	Coffee-break 
11:30- 13:30	<ul style="list-style-type: none"><li>• classification (semidirect, indirect technique)</li><li>• updated indications and survival rate</li><li>• build-up and IDS: why, how, which materials</li><li>• principles of preparation (innovative cavity design: Morphology Driven Preparation Technique)</li></ul>
13:30 - 14:30	Lunch 
14:30 - 16:30	<b>hands-on session</b> cavity preparation, evaluation, build-up
16:30 - 17:00	Coffee-break 
17:00 - 18:00	<b>hands-on session</b> indirect adhesive restorations (onlay, overlay, veneerlay) per MDPT
18:00 - 19:00	<b>full demo</b>
